## Who Are We

The South African Rights of Way Association (SARWA) is a professional member organization comprised of public service infrastructure land & rights related professionals. Since its inception as a not-for-profit association in 1998, SARWA served professionals who acquire, manage and transfer, value, survey and perform environmental due diligence of land & rights needed for infrastructure. SARWA is also affiliated as a Regional Partner of the International Right of Way Association (IRWA) where together there are nearly 10,000 members that hail from over 15 countries around the world. These members are united by their profession and their commitment to pursuing training and professional development through courses, chapter meetings, seminars and the annual education conference.

The South African Rights of Way Association (SARWA) is a professional member organisation comprised of the built professionals serving on the public service infrastructure development projects in South Africa. It is a non-profit organisation established in 1998, with a mission to share the lesson learned during public infrastructure development projects, among professionals to improve efficiency and grow knowledge through educational workshops and Annual Educational Conference. SARWA is also affiliated as a Regional Partner of the International Right of Way Association (IRWA) where together there are nearly 10,000 members that hail from over 15 countries around the world. These members are united by their profession and their commitment to pursuing training and professional development through courses, chapter meetings, seminars, and the annual education conference. SARWA is a volunteer-driven organization comprised of multi-disciplined professionals employed by both private and public entity including government. The following professionals are a member of SARWA:

- Land and Rights/Land Acquisition practitioners
- Valuers
- Asset managers
- Engineers
- Natural and Social Environmental practitioners
- Lawyers specialising in Property Law, Environmental Law, Water Law and Conveyancing
- Geomatics Professionals (Engineering surveyors, Land surveyors and GIS practitioners)

We are considered the unsurpassed source of rights of way educational programs, providing education and networking opportunities to differentiate our members in the professional marketplace.

Our industry-specific education and advanced curriculum allows for professional continuous development training which covers amongst others the Electricity Utilities, Water Utilities, Public Departments, Oil & Gas Pipelines and Transportation.

SARWA is in the process to be accredited by SAQA to create industry-wide recognition of our designations and certifications, and to elevate the role of right of way professionals by strengthening their industry relevance.

SARWA is a Voluntary Association of the South African Geomatics Council (SAGC), South African Property Valuers Profession (SACPV) and the South African Council for Natural Scientific Professions (SACNASP).

SARWA would like to make a difference in

- the quality standards and ethics throughout the industry and around the globe
- representing projects, landowners and taxpayers to ensure that landowners are treated fairly, equitably and uniformly while completing projects on time and within the budget constraints
- enhancing the quality of lives in the communities we work in, with better and more accessible transportation, energy and utility systems.
